In the Name of Allah the Gracious the Merciful

When I read what you wrote my body trembles my brother in Allah Allah is with us and His angels with His permission O Lord of the Worlds that we will have victory and allies from Allah Almighty He is the Omnipotent the One whose help is sought the victory is coming is coming for the defeat of the Romans and the destruction of the Jews Allah is the greatest by Allah we will surely attack them in their very own homes O my brother by Allah we will surely strike them with painful attacks an attack that shakes by it the world [UI] let the apostates know that the moment of their destruction has come O my brother by Allah I am happy truly just as my mother's resurrection from her death has been accomplished by Allah by Allah

Now then

So I truly want to answer your questions and want also a promise from you  
How close are you to Dallas or Houston airport where I land sometimes either to see the brothers or for a short stop during the trip?

From Dallas [UI] I am about one hour away approximately and if you wanted to meet me you will give me an address that we meet at it I can place it in the G P S anywhere it is I own a small satellite device that helps me in the driving to the specified location Gps I hope it will be a secure place so that we can talk about many subjects Allah willing my brother

Do you have a car for a meeting near one of these airports? We do not prefer a meeting in the airports because they are well watched and with camera equipments.

I have a car but it is not good for the driving to faraway places however I can arrive to any area that is an hour away from Dallas or any of nearby locations

Do you know English well writing and reading and speaking and do you know well any other language? Of course you master Arabic, the language of the revealed Qur'an.

I know English well speaking and writing but not very excellent my brother but very good

What is your weight in kilograms and how tall are you in cms? And how is your health? Are there any chronic sickness or incurable pains? Can you do the physical exercise with no problems?

My weight in the Kilo [UI] is about 70 - 80 my body is athletic my height in centimeters I do not know well and but my height is proportional to my body I expect that my height is about 6 feet which is close to 160 - 175 centimeters and as for my health in the blooming youth no pains or anything and no sickness thank Allah by the grace of Allah and now I truly already bought an exercise machine for lifting the weights and I already started the exercising to build the muscles and the healthy eating which is suitable to build a body that no Jew or an American a dog can defeat my feet are fast like the lightening what distinguishes me is my mental and physical speed and I can do the training for anything for the benefit of the jihad

The electronics computer the mechanical things building assembling the subjects that are favorite to me are the signs of the hour the emergence of the [UI] imposter Gog and Magog and the technology subjects and the study study of street smartness without study like I learned the computer the personal intelligence is a characteristic from Allah be He exalted thank Allah

Do you shoot well and how much is your experience with the arms?

In this I do *[sic]* not previously practice on the shooting with the arms and however I can excel in any training merely that I practice and my experience in the arms is personal

What do you think are the points of strength and weakness are in your body and soul?

There are no points of weakness visible or distinctive

Have you shared your desire for the jihad and the start of your preparation with some of the brothers around you? We hope that you keep that to yourself for now for the sake of your safety and the safety of brothers that may contact you. Thus [UI] the patience and the silence O my brother.

Allah willing it will be a secret until the appointed time of the strikes because I do not want to

expose my family to the danger also or my father or brothers because they have no connection in this matter .

Finally my dear, give me in what date your father will arrive and in what date he departs. In that period I like to give you the chance for the visit while I can train some of the brothers in other places.

My father will be at my own end in 40 days he will already have departed in the beginning of month 5 I will be free and ready for the meeting time Allah willing

I entrust you to Allah for a while. I hope to hear from you soon.
